

# Fees

We are committed to providing excellent value for money and aspire to be Midrand's best value school. The essentials of general excellence are prioritised and waste and non-essential expenses limited. School leadership and management regularly explore ways of reducing costs without compromising excellence. This effort is supplemented by improved financial governance and management that is transparent and accountable.

To sustain excellence it is expected that all parents prioritise paying for education and finding real non-financial ways of contributing particularly where they are partially or fully exempted.

At the same time, we do not want fees to make Midrand Primary affordable to low income families.

Our vision for the school and its on-going development into the future however also requires going beyond current revenues based on fees. We are committed to a new approach to funding with an emphasis on growing sponsorship and bequest income and leveraging other assets such as voluntary effort and our school facilities to reduce costs and increase revenue

- School fee is **R 10 500** for this year (2020)
- 10% discount if the school fees is paid in full before the end of first term

All parents are requested to ensure their school fees account is up to date. School fees can be paid at the school's finance office by debit or credit card or by direct deposit into the school's bank account.
