

GOOD NEWS!!!!!! FEES 2020

In our previous communication on school fees, we indicated that fees will be payable over 11 months. However, we like to listen to our parents and after numerous requests, parents will now have a choice regarding payment of fees. You now have **two options**: You can either **distribute** the school fees **over 11 or 12 months**. If you choose to distribute this over **11 months, your last fee will be payable on or before 1 November 2020** and if you choose to pay over **12 months, your last fee will be payable on or before 1 December 2020**. Fees are still payable in advance and you will still receive a 10% discount on school fees if you would pay the total amount ahead for the year at the end of January. Please complete the following return slip and send back to school or hand in with re-registration.

Please note that 30 September 2019 is the closing date for re-registration.
